Zweigart Belfast Linen 3609 / 101 (cream) 16/32 count as a basic, neutral color or better : A black linen... or dark green/teal ( 674), dark blue ( 589 or 578)..... choose whatever you like together with the material colors.  I recommend to do a "floss toss" while choosing the background color... one will "speak to you".	Design size = 344 x 344 stitches  21.5 x 21.5 inches at 16ct	

**Disclaimer :** I make the conversions from the originally used and chosen materials with help of original brand thread cards and samples of the beads and braids but following my own taste of color and the feeling of what will go with that particular design rather than using so-called "official" conversion charts, but please regard that the piece is designed for the use of the "original" materials ( variegated silks etc) and the effect and overall look can be quite different if you use other materials. I do not endorse *any* of the nowadays offered "conversion packs" by some thread manufacturers as they rarely are made by comparison to the original materials I chose.  
If you wish to use different materials feel free to do so, but please follow your own feelings, eyes and taste of color rather than buying "bulk" conversions !! I am not responsible if you do not like the look of the conversion materials. If you want the piece to look the same, use the same :)
