Swarovski Bicone Crystals 4mm	Olivine AB2x = 24 pc => "a" Chrysolite AB = 9 pc => "f"	
Swarovski Cubes 4mm	Crystal AB = 3 pc => "B"	
Zweigart Belfast Linen 3609 / 101 (cream) 16/32 count or any other color you prefer. Gorgeous on black... medium blue... light resede green or soft yellow..... and so on ☺ I assume that a fabric piece of approx. 25 x 25 inches will be sufficient. Best will be to go with the layout pattern...	Please see the layout PDF sheet for the sizes of cuts you need.	

Disclaimer : I make the conversions from the originally used and chosen materials with help of original brand thread cards and samples of the beads and braids but following my own taste of color and the feeling of what will go with that particular design rather than using so-called "official" conversion charts, but please regard that the piece is designed for the use of the "original" materials (variegated silks etc) and the effect and overall look can be quite different if you use other materials. I do not endorse *any* of the nowadays offered "conversion packs" by some thread manufacturers as they rarely are made by comparison to the original materials I chose.

If you wish to use different materials feel free to do so, but please follow your own feelings, eyes and taste of color rather than buying "bulk" conversions !! I am not responsible if you do not like the look of the conversion materials. If you want the piece to look the same, use the same :)
