Fabric : 32/16 count linen Belfast from Zweigart Colors: white or ecru or BLACK !! (or to your taste !! – a dark blue or teal or green would be stunning, as well as a light soft yellow/peach.. or or or...)	Each single !! design has the following size, without the deco border !! : MERE Design size = 77 x 77 stitches If you wish to stitch all designs on ONE piece of fabric with the inner border only you need to determine the size you wish to keep "free" between the single designs and then calculate the entire size. ----- If you wish to use the provided extra optional decorative border too, you will need a piece of linen of this size: Design size = 421 x 421 stitches Please allow for a generous free space of linen around each single design so you can later easily sew it into a quilt block, or frame it, or do with it whatever you envision ☺ (2" around on each side would not be too much I find...)

<u>One single square of the decorative frame has the stitch count of 123 x 123 stitches.</u> <u>If you stitch ALL 16 decorative frames on one piece of fabric, the stitch size is: 421 x 421 stitches.</u>	<u>Do not forget to add a sufficient free edge all around !</u>	

Disclaimer : Please regard that I make conversions from the originally used and chosen materials with help of original brand thread cards + full skeins of variegated threads - but following my own taste of color and the feeling of what will go with that particular design rather than using so-called "official" conversion charts. Please regard that the piece is designed for the use of the "original" materials (variegated silks etc) and the effect and overall look can be quite different if you use other materials. I do not endorse -any- of the nowadays offered "conversion packs" by some thread manufacturers as they rarely are made by comparison to the original materials I chose and which I have on my desk here "in person". Nor do I support ANY other "comparable" threads which are dyed following my choice of materials + then offered in forums etc. as conversion for a particular Châtelaine design !
 If you wish to use different materials feel free to do so, but please follow your own feelings, eyes and taste of color rather than buying "bulk" conversions !! I am not responsible if you do not like the look of the conversion materials. If you want the piece to look the same, use the same :)
 Thread approximations regarding used amounts are made with a software and may vary depending of the personal stitching habits. They are an approximation only !

Most of these charts are not only available as printed chartpacks from my distributor www.europeanxs.com or shops, but as well as charts for download, self-print and enlarge (in bw & color) . Info on my homepage. Charts with * are NOT available for download.
