Zweigart Belfast 3609 white, cream or any color of your choice. Would look interesting on a green fabric – do a floss toss so the “greens” will not disappear... Design (!!) size without free edges	Design size = 279 x 279 stitches 17.4 x 17.4 inches at 16ct 44.3 x 44.3 cm at 16ct	

Disclaimer : I make the conversions from the originally used and chosen materials into DMC, Mill Hill and Kreinik products with help of original brand thread cards and samples of the beads and braids but following my own taste of color and the feeling of what will go with that particular design rather than using so-called “official” conversion charts, but please regard that the piece is designed for the use of the “original” materials (variegated silks etc) and the effect and overall look can be quite different if you use other materials.

As well the size of the Mill Hill Beads is different to the Delica beads.

I do not endorse *any* of the nowadays offered “conversion packs” by some thread manufacturers as they rarely are made by comparison to the original materials I chose.

If you wish to use different materials feel free to do so , but please follow your own feelings, eyes and taste of color rather than buying “bulk” conversions !!

I am not responsible if you do not like the look of the conversion materials.

If you want the piece to look the same, use the same :))
