Fabric: Zweigart Belfast 3609 32/16 count white or off-white, or black... or ???	<p>Design size = 105 x 105 stitches</p> <p>6.6 x 6.6 inches at 16ct</p> <p>Please regard that you must add the necessary "free" fabric amount to the mere design size !!</p>																																																																

Disclaimer : I make the conversions from the originally used and chosen materials into DMC cotton floss with help of original brand thread cards and samples but following my own taste of color and the feeling of what will go with that particular design rather than using so-called "official" conversion charts, but please regard that the piece is designed for the use of the "original" materials (variegated silks etc) and the effect and overall look can be quite different if you use other materials. I do not endorse **any** of these nowadays offered "conversion packs" by some thread manufacturers as they rarely are made by comparison to the original materials I have chosen. If you wish to use different materials feel free to do so, but please follow your own feelings, eyes and taste of color rather than buying "bulk" conversions !! I am not responsible if you do not like the look of the conversion materials. If you want the piece to look the same, use the same :)
