**\*Disclaimer:**  
HARMAN has physically looked at each of the stones and matched the color the best of our ability. There may be slight deviations, and many colors are not an exact match, but we believe these are the closest. This conversion chart is strictly our opinion.

The images used are those provided by SWAROVSKI®, and don't necessarily represent the actual color of the stones. We are not responsible for any purchases made by using this chart. Please order a Preciosa sample card for the most accurate color assessment.

All colors are not available in all styles. This is based on Flatback VIVA & MAXIMA styles.
