

# Crystal replacements for Châtelaine Designs

Please note that this list is in no way comprehensive or intended to provide the perfect solution. This is an evolving list, so there are always more and better ways for embroiderers to find alternatives to Swarovski crystals that are no longer available. The **red crystals** are possible replacements rather than direct replacements. If you have a good idea, comment, or addition to this list, please share it with us at [updatechatelaine@gmail.com](mailto:updatechatelaine@gmail.com).
