

"The Autumn Watergarden"

**Disclaimer :** Please regard that I make conversions from the originally used and chosen materials with help of original brand thread cards + full skeins of variegated threads - but following my own taste of color and the feeling of what will go with that particular design rather than using so-called "official" conversion charts. Please regard that the piece is designed for the use of the "original" materials ( variegated silks etc) and the effect and overall look can be quite different if you use other materials.

I do not endorse -any- of the nowadays offered "conversion packs" by some thread manufacturers as they rarely are made by comparison to the **original** materials I chose and which I have on my desk here "in person".

Nor do I support **ANY** other "comparable" threads which are dyed following my choice of materials + then offered in forums etc. as conversion for a particular Châtelaine design !

If you wish to use different materials feel free to do so, but please follow your own feelings, eyes and taste of color rather than buying "bulk" conversions !! I am not responsible if you do not like the look of the conversion materials. If you want the piece to look the same, use the same :)

Thread approximations regarding used amounts are made with a software and may vary depending of the personal stitching habits. They are an approximation only !
