Zweigart Belfast 3609 16/32 count linen white, cream or any color of your choice.	Design size = 265 x 205 stitches (includes the frame, excludes any free "space" outside. Add your desired free fabric margins yourself) 16.6 x 12.8 inches at 16ct	

Please regard for this design especially that I chose the **BLUES** from diverse palettes of different thread manufacturers to be able to capture the diversity of blue shades in the glazed tiles of this gate. As DMC simply does not have that many shades, some replacements will use the same DMC number. If you want to avoid this, you can of course substitute with other cotton thread palettes as well – but with this you are "up to you".

Disclaimer : Please regard that I make conversions from the originally used and chosen materials with help of original brand thread cards + full skeins of variegated threads - but following my own taste of color and the feeling of what will go with that particular design rather than using so-called "official" conversion charts. Please regard that the piece is designed for the use of the "original" materials (variegated silks etc) and the effect and overall look can be quite different if you use other materials. I do not endorse –any- of the nowadays offered "conversion packs" by some thread manufacturers as they rarely are made by comparison to the original materials I chose and which I have on my desk here "in person". Nor do I support ANY other "comparable" threads which are dyed following my choice of materials + then offered in forums etc. as conversion for a particular Châtelaine design !

If you wish to use different materials feel free to do so, but please follow your own feelings, eyes and taste of color rather than buying "bulk" conversions !! I am not responsible if you do not like the look of the conversion materials. If you want the piece to look the same, use the same :)
Thread approximations regarding used amounts are made with a software and may vary depending of the personal stitching habits. They are an *approximation* only !
